Table of contents

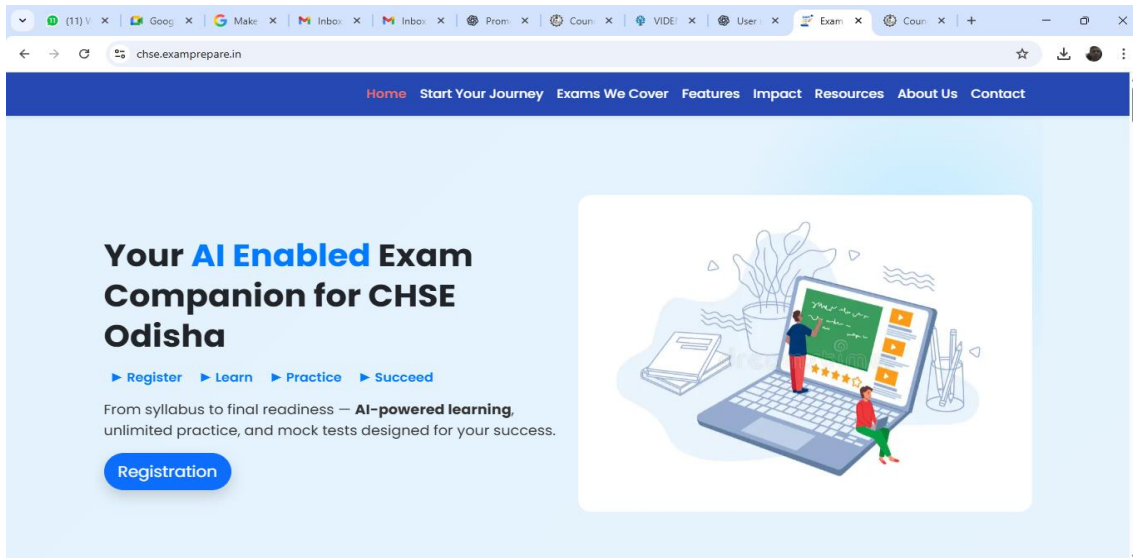

- i.** Introduction & purpose
- ii.** Quick start (students) — 60-second setup
- iii.** Start Your Journey
- iv.** Learn (AI-powered learning modules)
- v.** Practice Zone/Mock Tests /Entrance Readiness Test
- vi.** Resources
- vii.** Support & contact information

1. Introduction & purpose

This platform provides CHSE students with AI-guided study, chapter-wise practice, timed mocks, and progress analytics to prepare for higher secondary exams and internal assessments. Teachers and principals can monitor progress, and view reports.

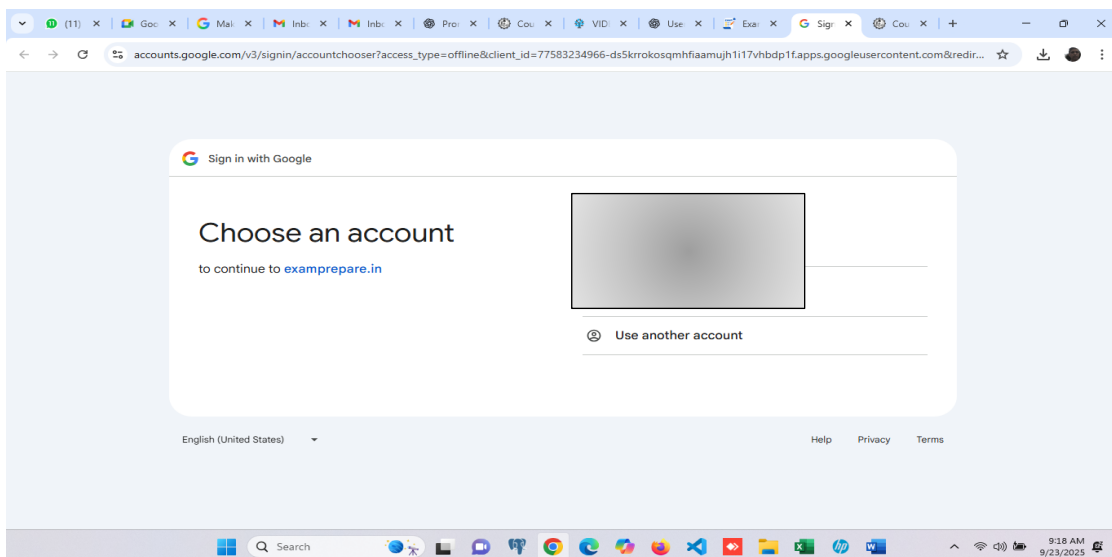

2. Quick start

- i. **Open:** <https://chse.examprep.in> or go to <https://chseodisha.nic.in/> followed by examprepare menu

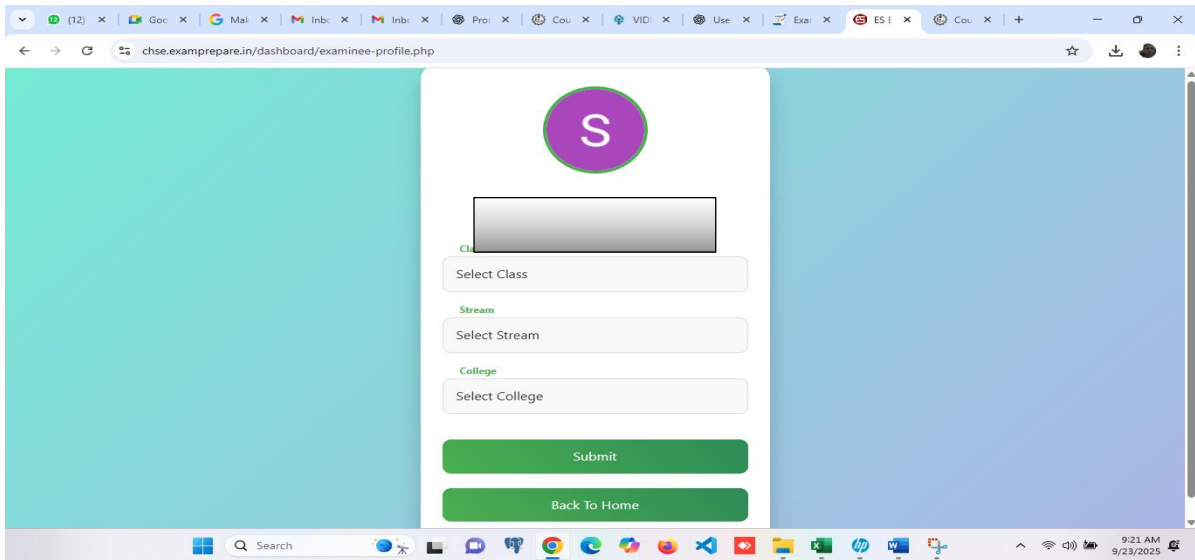

- ii. Click on Registration

(You need to have a google mail id to register)

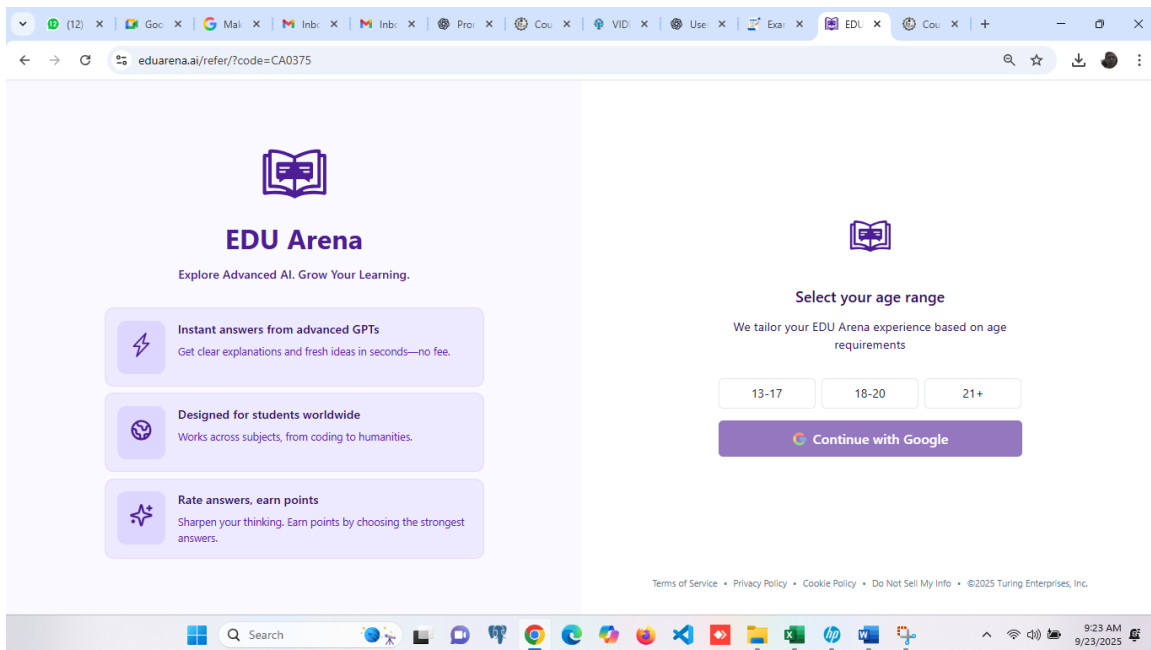

iii. Select a Gmail id and move next

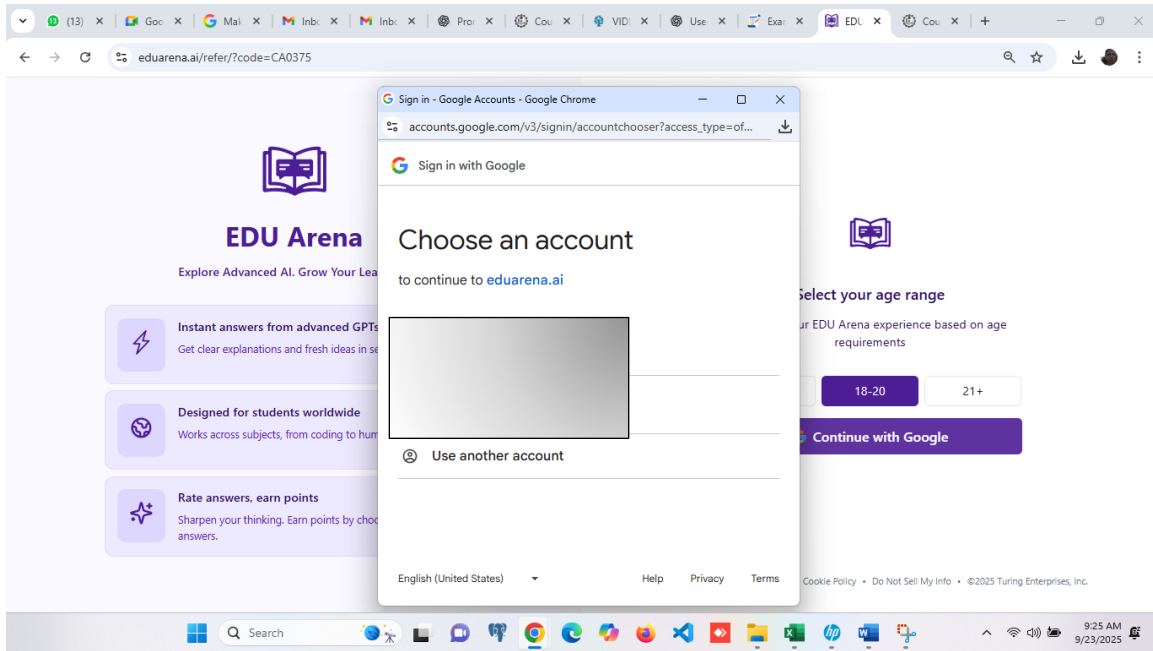

(Select your class, stream and college from the list) and followed by Submit

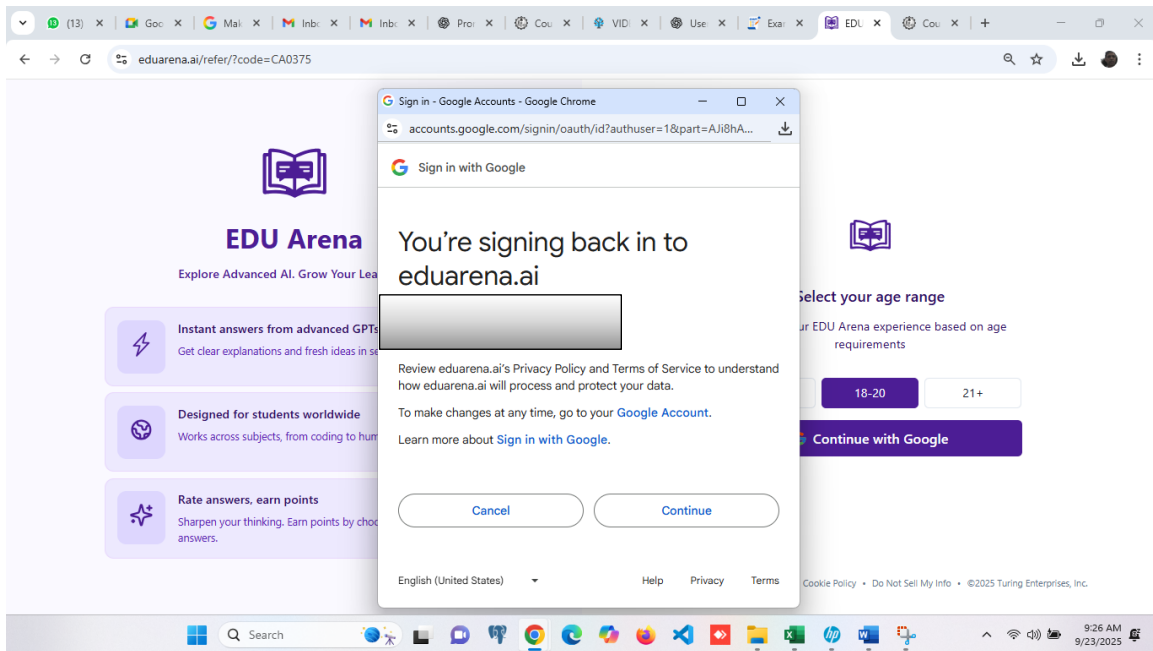

iv. Choose your age group and click continue with Google

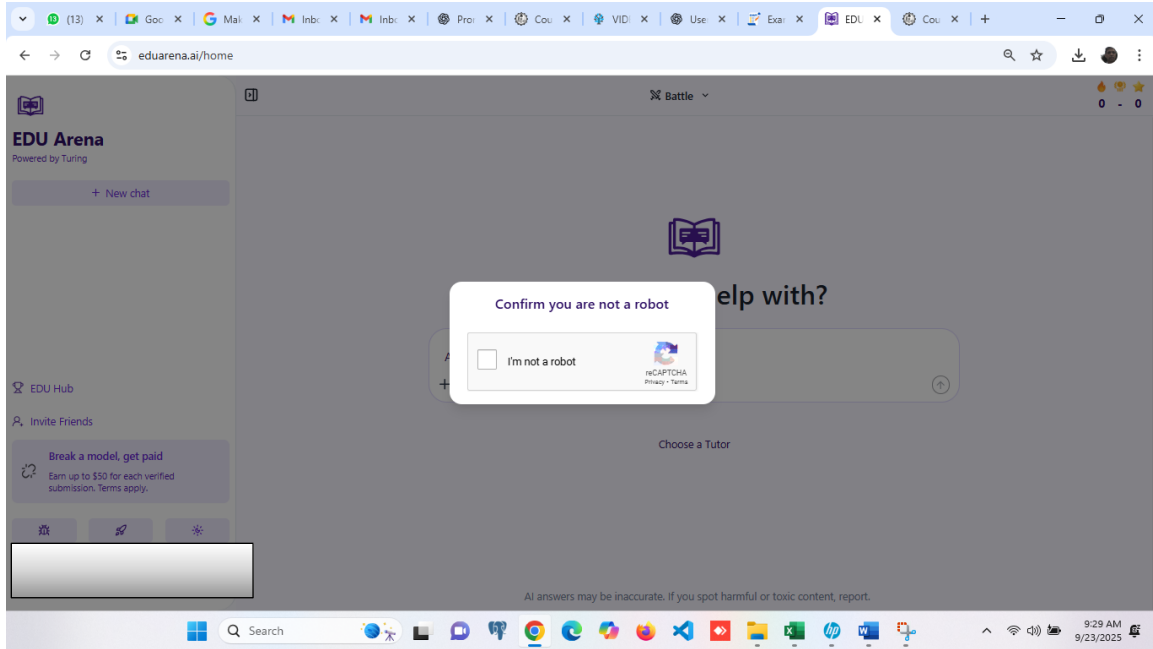

v. Do a second verification with your Gmail id to take us to our partner AI learning Platform (eduarena.ai)

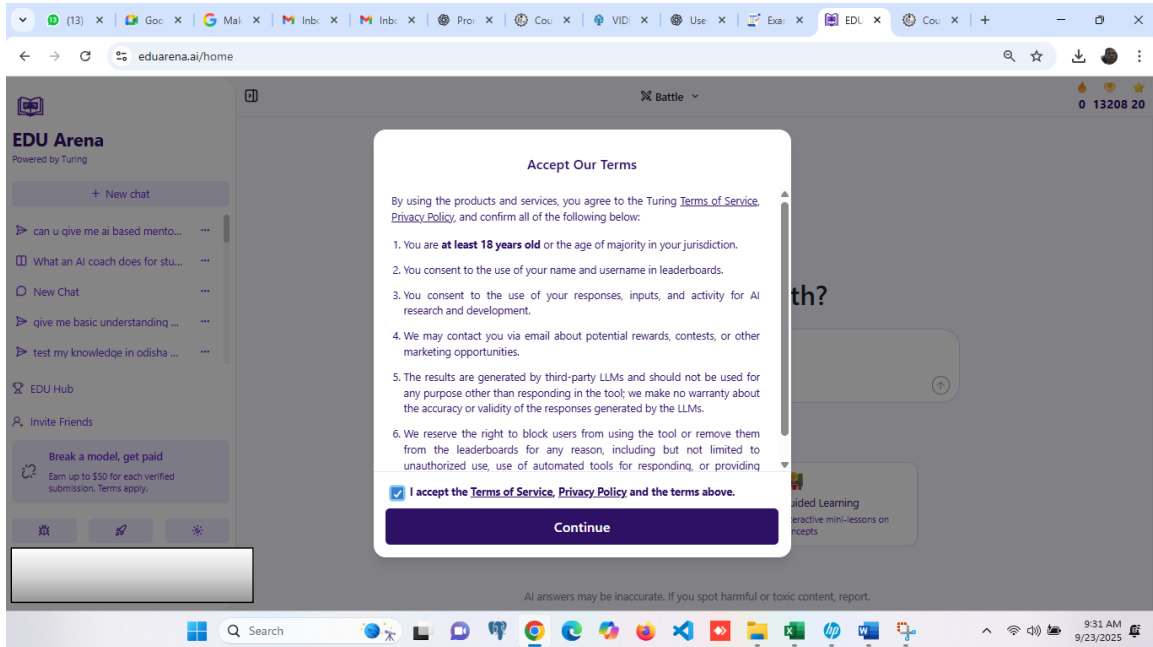

vi. Once you select your mail id – it will take you to Eduarena.ai platform

vii. Select I am not a robot

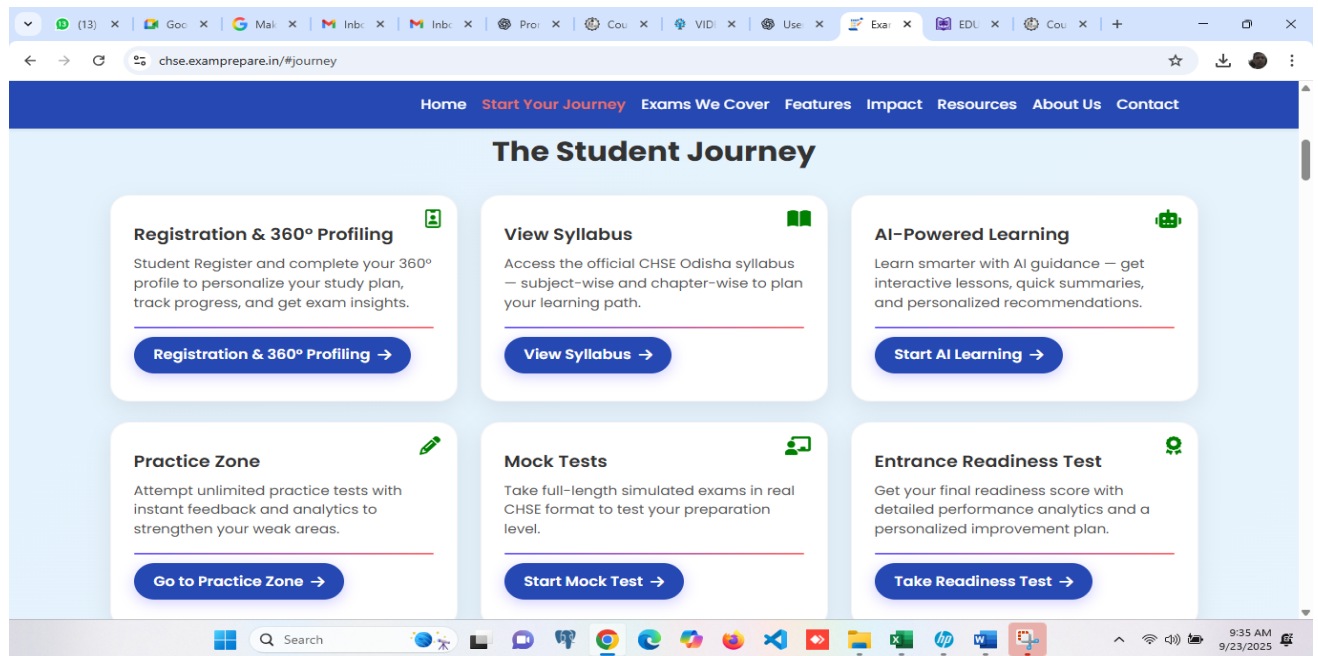

viii. Please Accept the terms and condition

- ix. You can now use Test My Knowledge, Homework Helper and Guided Learning option. To explore go AI assisted learning platform user manual.

2. Start Your Journey

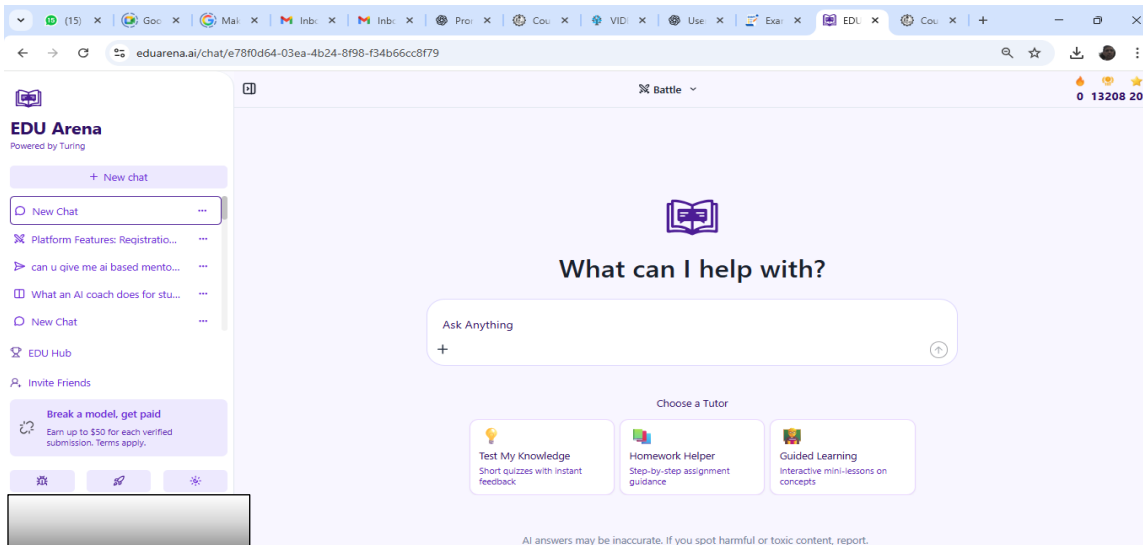

(This will give you a quick glance of all product features)

- **Registration & Profiling** — Update your personal details and re-run the profiling process anytime.
- **Syllabus** — Access your stream and view the complete syllabus in one place.
- **AI-Assisted Learning** — Explore guided lessons with adaptive content. For detailed guidance, refer to the *AI-Assisted Learning User Manual*.
- **Practice Zone** — Practice chapter-wise questions, use question banks, and attempt timed exercises mapped to the CHSE curriculum. Multiple-choice and objective-type practice will be available starting **1st October 2025**.
- **Mock Tests** — Experience full-length timed simulations that replicate the final exam. Subject-wise sample mocks are currently available, with all subjects accessible from **15th October 2025**.
- **Entrance Readiness Test** — Take readiness assessments for entrance exams such as IIT-JEE (Main & Advanced). Tests for all subjects will be available starting **15th October 2025**.

3. Learn (AI-powered learning modules)

You can study your subject by simply typing a prompt. For example: 'Give me a content overview of the CHSE Odisha History chapter on Indian Independence or You will have three options like test my knowledge, homework helper and guided learning.

(NB Please go to the Detailed user manual for AI assisted learning to explore more)4.
Practice Zone, Mock Test and Entrance Readiness Test

These three modules follow a similar assessment model, but with different purposes. The Practice Zone helps you prepare for internal and regular tests at both subject and chapter level. The Mock Test module simulates the experience of final and internal board examinations. The Entrance Readiness Test is designed for post-+2 competitive exams such as IIT-JEE (Main & Advanced), CLAT, and various recruitment tests, providing a simulated exam environment for advanced preparation.”

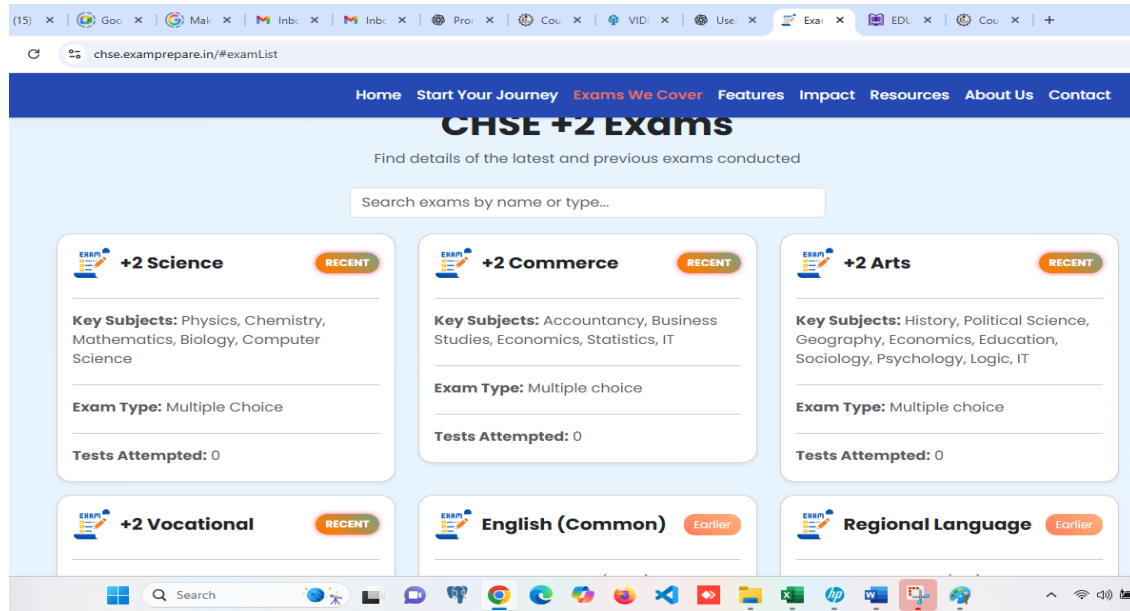

Comparison of Assessment Modules

Module	Purpose	Coverage	Availability / Examples
Practice Zone	Chapter-wise and subject-wise practice for internal and regular tests.	MCQs, objective questions, and practice sets aligned with the CHSE syllabus.	From 1st October 2025
Mock Tests	Simulates final board and internal exam conditions.	Full-length timed tests with real exam-like environment.	Samples available now; all subjects from 15th October 2025
Entrance Readiness Test	Prepares students for post-+2 competitive and recruitment exams.	IIT-JEE (Main & Advanced), CLAT, and other national-level and recruitment-based simulations.	From 15th October 2025

(You explore detail to our Practice/Mock Exam Help manual)

5. Exam We Cover

This will give you list of subjects we cover and you will get all additional subjects here

The screenshot displays the CHSE +2 Exams website. The header includes navigation links: Home, Start Your Journey, Exams We Cover, Features, Impact, Resources, About Us, and Contact. The main heading is "CHSE +2 EXAMS" with the subtitle "Find details of the latest and previous exams conducted". A search bar is present with the placeholder text "Search exams by name or type...". Below the search bar, there are six exam category cards arranged in two rows of three. Each card has a "RECENT" or "Earlier" badge, a "Key Subjects" list, an "Exam Type", and "Tests Attempted" count.

Exam Category	Exam Type	Tests Attempted
+2 Science	Multiple Choice	0
+2 Commerce	Multiple choice	0
+2 Arts	Multiple choice	0
+2 Vocational		
English (Common)		
Regional Language
